Subject: Status of Analytical for 4 Homes resampled
Date: 06/04/2012 02:34 PM

Rich or Kelley, did either of you hear anything from the Ft Meade folks on the status of analytical and data validation for the 4 homes we resampled?? Ron would like me to finalize today the timeline for possibly halting water so he can get it to Shawn. Shawn will be in DC for the next 3 days so he's trying to give him the timeline before he leaves. Thanks, den.
